

Multionics in Precision Medicine 2026

June 24, 2026
Virtual

Event Sponsorship Opportunities

EVENT DETAILS

This virtual event, **developed in partnership with the University of Pennsylvania's Perelman School of Medicine**, will explore how multomics approaches can elucidate the study of human health and disease. The program will highlight multiomic research studies in complex diseases, emerging omic methods, and best practices for integrating and analyzing multiomic data sets.

Conference Chair

Shefali Setia Verma, PhD

Assistant Professor

Department of Pathology and Laboratory Medicine

Perelman School of Medicine

University of Pennsylvania
